LEAL ROUNDS UP BICYCLE THIEVES

Bicycles are being stolen from the Lillooikaian school, Kaimuki, at the rate of one a day, and this has been going on during the last few months, according to information received by Probation Officer Joseph Leal.

On Thursday afternoon Leal arrested two Portuguese boys, brothers, living in Kaimuki, and took from under their house three bicycles believed to have been stolen. The bicycles are now at the Lillooikaian school for possible identification.

Leal intends to take further steps to check the wave of bicycle thefts and believes that, within a few days, he will have rounded up a number of machines now reported missing by their owners.

THIEF WORKS TO BRING CONVENTION TO HAWAII

Manager T. B. Thiele of the Young and Hawaiian hotels said today that if he does not have the annual convention of the National American Railway Agents' Association here early next year—practically the first mainland convention to be held in Hawaii—it will not be his fault.

Thiele has been in communication with J. E. Van Dusen, president of the association, since the possibility of the visit here of about 150 agents was discussed by them during the local man's visit to the mainland, and he is now practically assured that a contemplated trip to Alaska has been abandoned by the party and that they will be here some time after the Carnival, when accommodations will be ample for such a large delegation.

It is the association's plan to meet each year in some far country with the idea ever in view, however, of seeing America first.

Kek Schilling and Miss Jeanne Mai were in the midst of a very serious conversation on the Bijou stage when the quiet outside was suddenly disrupted for several moments by the

clanging of fire vehicles, seemingly surrounding the building, but may it be said for their efforts that there was no break or pause in the show and no one was seen to leave the building in the wake of the enticing engines.

Rebuilt Typewriter

Last Christmas a number of parents purchased re-built typewriters from us for their boys and girls; the progress that these children have made during the year in greater accuracy in spelling and grammar and general all around mental improvement, has led several of their parents to buy other machines this year.

The machines we are offering are guaranteed to do perfect work, and will receive hearty welcome from any boy or girl.

A GREAT EDUCATOR SAYS:

"Thought is one of the most elusive things in the world to catch. Writing is too slow; shorthand is legible only to the writer. Typewriting is the ideal method; it combines quickness, accuracy and legibility. Every parent owes to his child an opportunity to learn typewriting."

Our fiscal year closes Dec. 31---These Rebuilt Typewriters will be sold at prices that will ensure quick clearance
